

ROCK THE OFFICE

TEAM-BUILDING AT
SOUNDHOUSE STUDIOS

Break the mold of typical team-building with an engaging, high energy music workshop in our exclusive studio

You'll learn and perform a song of your choice in small groups, with the help of our fun and friendly music producers, and then showcase it to your coworkers!

Don't know how to play? Have no fear!
Our expert music producers will help you play
and perform a song in less than 4 hours!

NO MUSICAL EXPERIENCE NECESSARY!

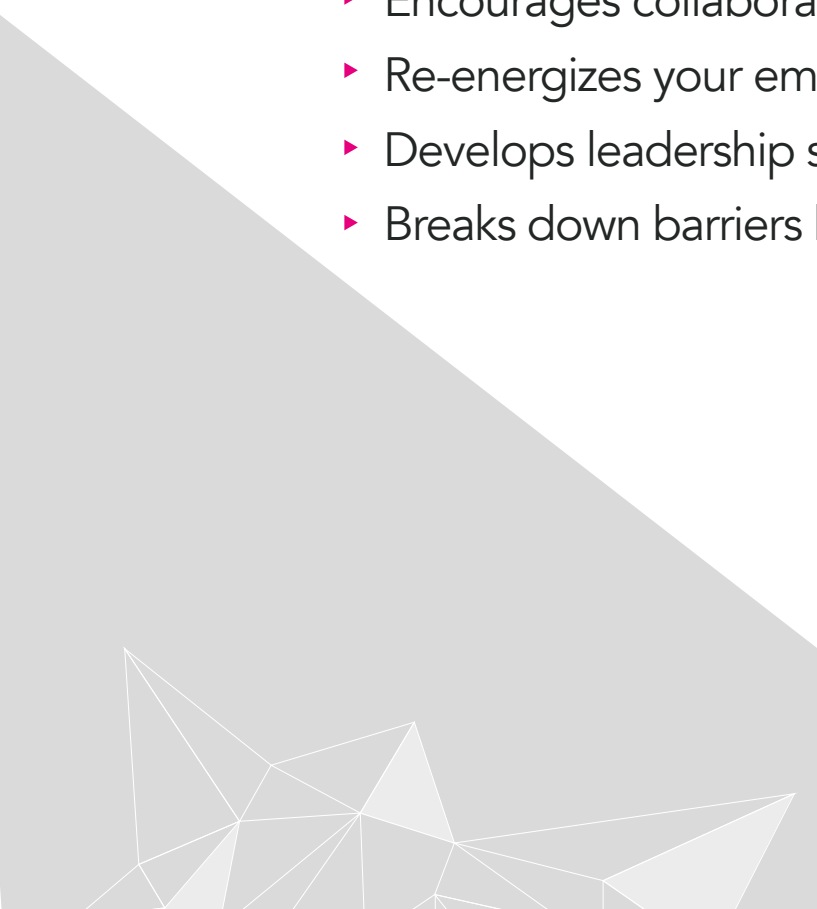

From centre-stage to supporting
roles, there's fun for ALL
personality types!

AN **AUTHENTIC** TEAM BUILDING EXPERIENCE

BENEFITS OF **ROCK THE OFFICE:**

- ▶ Increases productivity through better teamwork
 - ▶ Closes the gap between management and staff
 - ▶ Creates an environment to build trust
 - ▶ Encourages collaboration and camaraderie
 - ▶ Re-energizes your employees
 - ▶ Develops leadership skills
 - ▶ Breaks down barriers between departments
- 
- 

Each person can sign up for the band, song, and role of their choice, for authentic, engaging team-building

You'll be playing in our professional studio rooms – the same rooms that your favourite artists have played in, such as Ray Davies (the Kinks), the Odds, Dan Mangan, Men without Hats, Mika and many more

"Our staff said it was the best team event they ever had!"

-Amazon.com

WE PROVIDE YOU WITH **EVERYTHING** YOU NEED

▶ **MUSIC PRODUCERS**

Our producers are industry professionals who specialize in getting people out of their shell and are great at encouraging participation. Each group of 5-7 people will have their own dedicated music producer, who will be with you for the entire duration and instruct you on your chosen instrument or with singing. They will also help lead the group during the performance, give time cues, and can even help with vocals or instrumentation if you wish! They will go to any length to make YOU shine and ensure everyone feels comfortable.

▶ **PROFESSIONAL INSTRUMENTS**

We provide electric guitars, bass guitars, drums, keyboards, percussion instruments, shakers, and more. If you can already play a unique instrument, just ask us if you can bring it along - it's likely we can accommodate it (e.g. trumpet, violin, etc)

▶ **ALL SOUND EQUIPMENT**

Guitar and bass amplifiers, microphones, PA systems, drumsticks, cables, guitar picks, and more.

"It was amazing! The workshop went viral throughout the rest of our company and everyone was talking about it!"

- Qlik Technologies Inc
